Looking to unleash your creativity, find deeper personal fulfilment, and thrive in a collaborative team environment? At **SNP**, we provide the perfect platform for you to grow, innovate, and make a meaningful impact!

Our COMPANY

SNP Group is a global company with over 30 years of experience that specializes in business transformation and software solutions, particularly around digital transformation and SAP systems. The company is known for providing innovative software solutions and consulting services to help organizations transform their business processes and IT systems.

SNP is particularly renowned for its expertise in SAP transformation projects. The company offers specialized solutions for implementing and optimizing SAP S/4HANA, SAP Cloud, and other SAP solutions. They assist businesses in migrating from legacy systems to SAP-based environments.

SNP offers its own software portfolio-CrystalBridge®, which helps organizations automate and simplify their transformation processes, especially during system migrations or upgrades. These tools assist businesses in efficiently managing complex data, minimizing risks, and reducing transformation costs. SNP also offers its unique BLUEFIELD™ approach to SAP S/4 HANA integration that enables enterprises to upgrade and migrate.

The SNP Group Headquartered in Heidelberg, Germany, and with locations in Europe, the Americas, Asia, and Australia. SNP customers are global corporations from all industries, including many of the world's largest enterprises.

What we're looking for

SAP PP/PM CONSULTANT

We are seeking a skilled SAP PM (Plant Maintenance) and SAP PP (Production Planning) Consultant to join our team. The ideal candidate will have a strong background in either or both SAP PM and PP modules, with experience in data migration, configuration, implementation, and support. As an SAP PM/PP Consultant, you will be responsible for ensuring that the SAP PM and PP modules are aligned with business requirements and optimized for plant maintenance, asset management, and production planning processes.

Responsibilities

- **SAP PM/PP Data Migration:** Well versed with in-depth knowledge of the PM/PP related tables and data migration tools & concepts.
- **SAP PM/PP Module Configuration:** Configure and implement SAP PM/PP solutions based on business requirements, ensuring that the system runs efficiently and effectively supports procurement and inventory management processes.
- **Implementation Support:** Act as a lead or support consultant during the SAP PM/PP implementation and rollout projects. Work with cross-functional teams to understand business processes and provide solutions.
- **Troubleshooting and Support:** Provide post-implementation support and resolve issues related to the SAP PM/PP module. Troubleshoot technical and functional issues and work on system enhancements to meet changing business needs.
- **Integration with Other Modules:** Ensure seamless integration of the SAP PM/PP module with other SAP modules, such as SAP SD (Sales and Distribution), SAP WM (Warehouse Management), SAP MM (Material Management), and SAP FI/CO (Finance and Controlling).
- **Customization:** Customize SAP PM/PP to meet specific business needs related to material master data, procurement processes, stock management, and vendor relationships.
- **Documentation:** Prepare and maintain detailed functional specifications, process documentation, and user manuals for SAP PM/PP implementations and upgrades.
- **System Testing:** Conduct unit testing, integration testing, and UAT (User Acceptance Testing) to validate the configured SAP PM/PP solutions.
- **Continuous Improvement:** Collaborate with business users to identify opportunities for process improvements within the SAP PM/PP module. Stay current on SAP best practices and new features related to the PM/PP module.

Qualifications

- Bachelor's degree in engineering, Business Administration, Information Technology, or related field. An SAP certification in PM/PP or a related area is preferred.
- Minimum of 5 years of experience working as an SAP PM/PP consultant or in a similar role.
- Proven experience in SAP PM/PP module data migration, configuration, implementation, and support.
- Knowledge of business processes related to plant maintenance, asset management, and production planning
- Experience working in cross-functional teams and collaborating with other SAP consultants.

We're seeking someone who:

- **Technical Skills:** Expertise in SAP PM/PP module configuration, including material master, procurement, inventory management, and purchasing processes.
- **Problem-Solving:** Strong analytical and problem-solving skills, with the ability to troubleshoot SAP PM/PP issues and provide effective solutions.
- **Communication Skills:** Excellent verbal and written communication skills, with the ability to interact effectively with both technical and business stakeholders.

DATA. TRANSFORMATION. EXPERIENCE.

- **Project Management:** Ability to manage multiple tasks, deadlines, and priorities in a fast-paced environment. Experience in managing small SAP projects or workstreams.
- **Team Collaboration:** Strong interpersonal skills with the ability to work effectively in a team environment.

What's in it for you

- Competitive salary and company bonus scheme
- Mobile Allowance
- 20 days annual leave
- 5 days family day leave
- Comprehensive benefits package that includes medical, dental, optical, fitness and hospitalization coverage
- Hybrid working model where you enjoy the flexibility of working both remotely and in the office
