Project Finance Analyst

This is a permanent, full-time position, working hybrid, with our office based in Victoria, London, SW1W

The Finance Analyst will act as a key liaison between the finance team and commercial functions, owning core aspects of the Order-to-Cash process and supporting revenue analysis. The role also covers operational financial support including month-end close activities and reporting. The role offers exposure to cross-functional collaboration and performance monitoring.

Your Mission: Join our team!

- Own and manage project creation and maintenance in SAP (starting point of O2C process) to ensure accuracy and completeness
- Monitor revenue flows and ensure data integrity across systems
- Support revenue-related month-end activities and reconciliations in line with accounting policies and project milestones
- Partner with Sales, Operations and Finance to ensure financial accuracy in billing, project setup, and revenue tracking
- Support forecasting activities relating to project revenues
- Build and improve processes for reporting templates and dashboards for commercial KPIs
- Support system and process improvements, particularly in O2C and month-end workflows
- Liaise with auditors and external advisors as required
- Covers additional reporting and ad hoc finance tasks

What we are looking for: Your profile!

- Degree in Finance, Business, or related field. A professional accounting qualification (e.g. ACCA, CIMA) is highly desirable
- Experience in a financial accounting role, preferably in a project finance based or revenue analysis environment
- Strong SAP skills, particularly in project setup and billing processes
- High proficiency in Excel and familiarity with BI/reporting tools
- Good understanding of revenue processes and financial controls
- Strong understanding of accounting principles and finance analysis
- Strong communication and stakeholder management skills
- Excellent written and verbal communication skills
