As pioneers in data transformation, we revolutionize the way companies' future-proof their system landscapes with our software platform SNP Kyano and the BLUEFIELD™ approach.

Help us shape the future of **SNP** by applying now as a;

Senior Consultant - SAP Data Transformation

This is a permanent, full-time position, working hybrid, with our office based in Victoria, London, SW1W

Your Mission:

SNP is looking for experienced and professional SAP data migration specialists to join a fast-growing SAP consulting partner based in central London. We are looking for ambitious consultants with proven expertise and a strong interest in SAP data migration.

As a data migration consultant at SNP, you will be working with industry-leading SAP transformation software and alongside experienced data migration specialists on cutting-edge SAP projects including S/4HANA. You will be involved in complex data transformation projects on UK and international SAP programmes and be expected to lead by example to the other consultants on the team.

As a Senior Consultant you will be expected to demonstrate leadership skills, client facing and project management capabilities.

What we are looking for: Your profile!

Candidates will have SAP technical background with strong development expertise and data model understanding.

- 7 to 10 years of SAP technical (ABAP, LSMW, ETL technologies)
- Technical experience across multiple SAP ERP modules
- At least 3- 4 years delivering SAP data migration projects through the full project lifecycle
- Responsibility/Accountability for workstream or modules of large projects preferably managing junior members as well as themselves
- Customer oriented and focused on delivering high customer satisfaction through excellent delivery
- Awareness of the big picture and context of his/her team and project within a business
- Driven, enthusiastic, collaborative, pragmatic and diplomatic with a 'can-do' attitude and excellent team player
- Excellent written and oral communications skills and strong interpersonal skills
- A strong problem solver with a pragmatic and tenacious attitude to seek out resolutions
- Driven to continuously improve
- Focused on outcomes not actions

Desirable:

- Experience in SAP Landscape Transformation and Data Quality tools
- S/4HANA experience and/or understanding of the technology and data model changes
- SAP Basis, e.g., RFC administration, Background processing, DB administration (monitoring)

- SAP certified in ABAP
- SAP application implementation experience
- Industry recognised project management qualification, e.g., PRINCE2
- Big 4 or specialist consulting background

Be More @SNP: Discover your full potential

New prospects: At SNP, you will work in an international, diverse environment where you feel truly valued. You will not only shape our growth and success, but also that of our customers.

Strong alone, unbeatable together: Together, we will rise to every challenge, no matter how demanding. Together, we are unstoppable.

Personal growth: As a dedicated team member, you can quickly take on more responsibility. We will support you with tailored development measures.

More than just a salary: We offer a range of additional benefits: 25 days annual leave rising to 30 days with length of service; refer a friend scheme; company pension scheme; long service awards; private medical scheme; life assurance; employee perks platform.
